

Dumas Wesley House dedicated June 23, 1929

Mission

Dumas Wesley Community Center's (DWCC) mission is to Educate, Empower and Enrich the local community through collaborative programs of Christian service that provide for immediate human needs, strengthen family life, develop leadership and encourage personal responsibility.

The Early Years

The Center was founded in 1903 by Methodist Women, under the leadership of Mrs. Jeremiah T. Dumas. Dumas Wesley was originally tasked with providing childcare to the disadvantaged families working in the local cotton mills.

Present Day

Today, the Center offers over a dozen programs and services for the working poor and the homeless in the Mobile and Baldwin communities. This year, thanks to the support of our community partners, the Dumas Wesley Community Center deployed over 343,238 direct services to our neighbors in need (a 12% increase from 2022).

Demographics

Working within Mobile's Crichton community, neighborhood demographics document a predominately African-American minority district with an average annual family income of less than \$25,000. A majority of the neighborhood's households are led by single mothers who struggle to provide basic necessities for their families. Ninety-nine percent of DWCC clientele live at or below the poverty level.

Signature Programs

Child and Adult Care Food Program	Dumas Wesley's Child and Adult Care Food Program is a USDA-funded program that provides nutrition education and food reimbursements to area day care providers. The program helps improve, develop and maintain healthy diets and eating habits among licensed home day cares.			
Senior Services	The Senior Activities for Independent Living (SAIL) Program offers daily enrichment to low- income seniors 60 and older. The Center provides local seniors with access to healthy meals, life skills classes, wellness education, exercise classes, recreation and fellowship. Transportation is offered for SAIL participants to and from the Center, as well as to vital services such as the bank and pharmacy, local shopping and health and wellness events. SAIL also delivers meals to homebound seniors five days a week.			
Transitional Housing	 Sybil Smith Family Village (SSFV) is an 18-unit transitional housing program located in Mobile County that provides 24 months of housing for up to 150 individuals annually. The Baldwin Family Village (BFV) is Baldwin County's first transitional housing program. BFV provides 12 months of housing and wrap-around services for up to 100 women and children annually. Dumas Wesley's transitional housing programs were founded to break the cycle of homelessness for women and children through supportive housing, case management, life skills, and behavior modification. Residents must be: homeless, 24 years of age or older, able to work or enroll in school, willing to live in a drug-and alcohol-free environment and participate in a case management plan. 			
Youth Programs	The After School Achievement Program (ASAP) provides a variety of academic and character- puilding activities for underserved youth. Programming includes: tutoring, Science, Technology, Engineering, Arts and Mathematics (STEAM) workshops, career exploration, sports activities, a meal program and special "youth-empowered" events. The Summer Recreation Program serves area children ages 6-15. The fun-filled summer includes a variety of educational field trips, academic enrichment, STEAM workshops, swimming and a five-day trip to Camp Blue Lake in Andalusia, Alabama.			
Transportation	The Transportation Program provides safe and dependable door-to-door transit services for underserved youth and low-income seniors. Trips include: area schools, pharmacies, doctor's offices and local field trips.			

Transitional Housing Sybil Smith Family Village (Opened in July 1999)

A Second Chance!

Billie and Family Sybil Smith Family Village residents

"After being in an unhealthy relationship for nearly a decade, I gradually lost everything - my family, friends, my home. I even lost the one thing that meant everything to me - my beautiful girls. When I moved into Sybil Smith Family Village, I became someone I never thought I'd see again. I went from barely making ends meet to having a career with benefits. I've got good credit. I've rebuilt relationships, and I've finally been reunited with my kids! They moved back home with me, and I've never felt so much joy and happiness! Without Sybil Smith Family Village, I'd be lost - they showed me that people still have compassion. I found my faith in God again, and now, I'm proud of the person I am. I will continue to make a better life for my girls. Thank you for all you have done!"

Paving the Way to Success

2023 Testimonials

Laura Williams and Antonia Williams-Dinkins After School Achievement Program

"Antonia enjoys going to Dumas Wesley's After School Achievement Program. This program means a lot to me as a Mom because while I'm at work, I know that Antonia is in a safe place that she really enjoys. Dumas Wesley even provides transportation from my daughter's school to Dumas! She is able to get her homework done and enjoy a hot meal, too. I really appreciate Dumas Wesley – it's a wonderful program for my daughter to attend after school!"

Baldwin Family Village Resident

"The Baldwin Family

Village has helped me so much! They've been so welcoming to me. I finally got a job, too! I feel better. The staff here have been super loving and understanding. It feels like a home to me. I have never really had a home before. Since I have been here, I've realized that I can be independent, on my own. I have started getting everything back that I lost and it is all because of the Baldwin Family Village! I'm so glad you accepted me and I am so very grateful. I could have been sleeping outside if it weren't for the Baldwin Family Village. Thank you."

Geraldine Seals Senior Activities for Independent Living Program

"Years ago, my mother was a participant of the SAIL program. When my doctor advised me that I needed to be more active, I knew just where to go! I live alone, so I have really enjoyed the company of my fellow seniors. I am also attending the life skills class that teaches me how to deal with grief. I lost a child shortly after birth and also, both my parents. This class has taught me how to cope with my feelings and to not let my grief consume me. Thank you for being a blessing in my life."

Youth Programming (Founded in 1903)

After School Achievement Program and Summer Recreation Program

Summer Recreation participants in the late 1980's

\$23,750 the average household income among 87 youth served in the After School and Summer Programs

56% of After School participants increased math literacy scores 2,884 transportation services provided to youth from school to the Center, to local field trips and special events

> 723 hours of activities offered to participants in the After School and Summer Programs

Child and Adult Care Food Program (Founded in 1977)

Home Day Care provider in 1981

2023 Fast Facts

56 home day care providers served 274,128 meals to 495 enrolled children 168 hours of on-site and virtual nutritional training and mentorship provided for licensed home day cares

"Over the years, there have been children in my care that did not have a lot of options to eat healthy. It makes me feel good knowing that the kids I take care of are served a healthy breakfast, snack and lunch. Inflation and the pandemic really hit me hard the past couple of years. This program has been such a lifeline for me to be able to afford and cook healthy meals. I appreciate Dumas Wesley Community Center for overseeing this program. I am proud to carry on in my mother's footsteps, as a family home day care provider." *Kathy Robinson, Family Day Care Home provider*

Community Outreach

"The Christmas store has truly been a blessing to me as a single mom because it makes the holidays less stressful. If it weren't for the Christmas toy store, my children would have no presents to open on Christmas day. We are grateful and thankful for all the volunteers and the wonderful donors. Thank you from the bottom of my heart!" *Nikki Kitchen, Toy Store participant*

Volunteers in the early 1900s providing childcare for children at the Dumas Wesley Community Center

2023 Fast Facts

\$16,930 dollars in emergency and need-based assistance provided to program participants and members of the community

- **560** individuals of all-ages volunteered throughout Dumas Wesley's signature programs
- **545** games of pickleball enjoyed by members of the community
- 129 individuals received free clothing from the Clothing Closet
- 120 children benefited from the Annual Toy Store

On-site Community Partners

Community Partnership Established in 2010

Provided pro-bono or low cost legal assistance for 350 individuals

Community Partnership Established in 2011

Distributed 3,099 supplemental food boxes to the community

Community Partnership Established in 2021

Offered weekly worship services, Bible studies, fellowship opportunities and outreach activities for members of the community

Partners in Service

2023 Fast Facts

285 in-kind donations received from college students, high school students, churches, businesses, and community leaders in support of Dumas Wesley's transitional housing programs

\$1,451,452 awarded in private funding from community partners, like Housing First, Inc. (pictured above)

"I'm a 9th grader at UMS-Wright Preparatory School. This is my second year volunteering in the After School Achievement Program. I love it here at Dumas Wesley! They're right around the corner from my school - we're neighbors! I try to be a good example and a positive

influence in my community. Working with the kids in the after school program allows me to make a difference in their lives. The kids have made an impact in my life, too. I love having the opportunity to be a role model. After

graduation, I want to further my education at Auburn and pursue a degree in sports communication or digital media. In the meantime, I'll continue to volunteer and help out at Dumas Wesley." Conrad Otts, After School Achievement

Transforming Lives for 120 Years!

Where Are They Now?

Merceria Ludgood Attorney, Civic Leader and District One Mobile County Commissioner

"Dumas Wesley was my first formal volunteer experience. As an older teen, I volunteered helping with the Halloween Haunted House, summer camp and whatever else they needed me to do. We were expected to step up for leadership roles at the Center and we did. Since that time, I have learned that if you set high expectations for young people and make sure they have the skills and resources they need to achieve, they will meet and exceed those expectations. The sense of community engendered by that experience remains a core tenet of everything I do."

Calvin Mauldin Director, Doctor of Public Health

"I grew up at Dumas. Having Dumas Wesley in my community helped me execute my goals in the healthcare field and public speaking. The activities that were offered during my time at Dumas enhanced those skills which are very crucial to my professional life. Now, I'm working as a healthcare educator in Georgia. I completed my Doctorate degree in public health and specialize in epidemiology and I am the first doctor in my family."

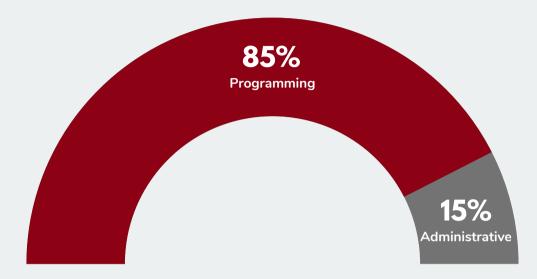

Betty Fain Program Graduate, A-Class Welder at Austal USA and member of Dumas Wesley's Board of Directors

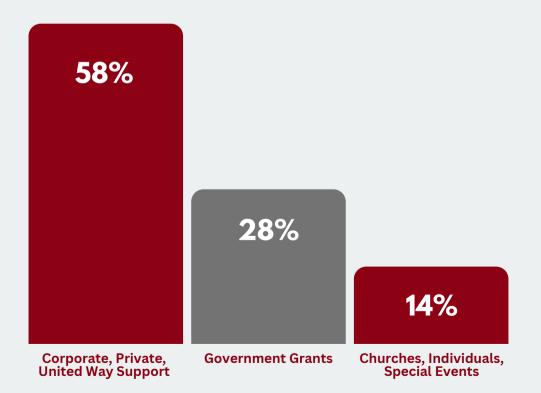

"I'll never forget how it felt to have nowhere to go. Sleeping in abandoned houses, nowhere to take a shower. Dumas Wesley's Sybil Smith Family Village saved my life. I was just hanging on by a thread. When I first came to Sybil Smith - and this is no lie, I didn't even have a decent pair of shoes. Because of Dumas Wesley, I am HERE!"
